DEPUTY JAILER'S REPORT.

Number of prisoners in jail March 1, 1878, 6; number committed from March 1, 1877, to May 1, 1879, 23; total, 29; number discharged, 25; sent to State Prison, 2: sent to Reform School, 1: number remaining in jail May 1, 1879, 1. Amount of fines and costs collected and credited to County in superintendent's receipts, $83.42.

Respectfully submitted,

RUFUS CLARK, Deputy Jailer.

PHYSICIAN'S REPORT.

Agreeable to the law I herewith submit my report as physician for the Belknap county alms house, from March, 1878, to May 1879.

While a large number have suffered from influenza, bronchitis and ophthalmia, there has been but one death from pneumonia, one from typhoid dysentery, and one from Gastro enterites, which includes all the fatal cases from acute diseases.

There have been several deaths from paralysis, consumption and old age, making a total of eighteen in the fourteen months.

There have been two births, for which purpose a suitable room is assigned under the faithful supervision of the matron.

There are several persons idiotic.

Ten inmates are insane, one epileptic, and there are eight cases of dementia.

The entire establishment has been uniformly warmed by steam, making every inmate comfortable.

The diet is plain, nutritious and healthful, while every attention is given in preparing the proper food and nourishment for the invalids. I would respectfully call the attention of the Commissioners to the matter of more ready and thorough ventilation, and thereby avoid direct currents of air in the halls and wards.

I would suggest that the main drain be extended and covered.

I can state from positive knowledge that the Board of Commissioners, the superintendent and the matron, have made every effort to render the inmates comfortable, contented and happy as possible, while strict economy is exercised in all departments.

D. B. NELSON, Physician.

Laconia, May 1, 1879.

In presenting our annual report to the taxpayers of Belknap County we can say that there never has been a time when the condition of those supported at the farm has been superior to what it is at the present time. Although there has been considerable sickness at the farm during the past year it has been confined to the aged and those that were worn out by age and other diseases. We believe there has been every attention paid to the sick and infirm that good medical attendance and good nursing could do for them. The general health of all the inmates is good at the present time.

It will be observed that the change in the law has made it necessary to make the report up to the first of May, which covers a space of fifteen months, consequently the amount expended on

external poor has to be proportionately larger. But it will be observed that the expense for the support of external poor has been considerably diminished from the last report, partly from supporting more at the farm and other causes.

The farm and all its connections have been under the care of Rufus Clark and his estimable wife the past year, and they have been engaged for the year to come, and have given entire satisfaction, as far as our knowledge extends.

The expense of supporting so large a number has necessarily been large, but when we take into account that they have been supported for $1.03 per week, each, we feel satisfied with the result. The commissioners feel satisfied that the improvements upon the farm have been continued as in former years. The buildings have all been painted and put in perfect repair.

ALVAH FOSS,
JAMES M. PAINE,
JOSEPH P. DEARBORN,
} Commissioners of Belknap County.

LACONIA, May 1, 1879.

We hereby certify that we have examined the accounts of the county commissioners for the past year and find them properly cast and well vouched.

We further state that the sums named in the vouchers and payments are generally according to the market value of the articles charged therein, so far as we are able to judge, and believe such articles to have been used for the benefit of the county.

SAMUEL A. HODGDON,
K. W. SMITH,
} Auditors for Belknap County.

SHERIFF'S REPORT.

As required by the new general laws of New Hampshire, it becomes my duty before retiring from office to make the first annual report as Sheriff of Belknap County, for the year ending May 1, 1879, that the voters of said County may understand what disposition is made of the money that stands charged to the Sheriff in the County Commissioner's report.

In compliance with the laws of the State of New Hampshire, I respectfully submit the foregoing statement, my annual report as Treasurer of Belknap County.

By a careful examination of my report and those of my predecessors it will be seen that for several years the appropriations

have been less than the expenditures. The expediency of trying to convince the tax-payers that their burdens are growing lighter by decreasing the taxes and at the same time increasing the debt of the County is certainly questionable.

During the past year the entire notes of the County have been exchanged for new ones bearing interest at five per cent. and dated July 1, 1878.

ORRAN W. TIBBETTS,
County Treasurer.

Belknap ss., April 24, 1879.

Having examined the foregoing accounts of Orran W. Tibbetts, County Treasurer for the year ending May 1, 1879, and the orders, notes and payments named therein, we find the same correctly cast and well vouched, and a balance in the hands of said Treasurer of two thousand sixteen dollars and sixty-one cents.
